

Music Notes

Our music this morning comes from the global community. The two songs we are singing as an anthem this morning are part of the relationships this church has witnessed and fostered. Former Intern Minister Catie Scudera, now serving the Needham UU congregation, brought us the song *Burom, Burom* when she was serving WUS. She learned it during her work, helping to found an orphanage, in the Khasi Hills, a part of northeast India. *A Mélységbøl Halldmeg, Uram*, is a song that we sang with our partner church in Marosvásárhely, Transylvania, during one of their visits to the U.S. Piano music from the global community rounds out the service, with contributions from Manuel Ponce (Mexico), Tan Dun (China), and Joshua Uzoigwe (Nigeria).
